Make the inspirational **PRACTICAL**.

Episode 5 - Speckles of Sky in the Attic

"Sometimes the need for repair isn't apparent until a storm comes along. Like the holes in my roof. Are you aware of any storms in the lives of those around you?"

1. Name five repairs you need to make soon (think: house or apartment, car, etc.). What keeps you from getting them done?

2. How would you describe the repairs needed in these situations:

- John 3:1-15
- Luke 5:17-26
- John 18:33-40

3. A religion that didn't work, legs that didn't work and a justice system that didn't work. What "tools" did Jesus use to address the need for repair?

4. How was his approach different or the same with each person?

 5. What are some tools in our toolbox that help restore people? Read Romans 12:6-8 and First Corinthians 12:4-11.

6. What do you think is your sharpest "tool"? What is your strongest gift to those around you in need?

7. Pray for God to show you someone to share your gift with. Let this be your adventure with Christ this week.
